AFRICA | ANTARCTICA | ARCTIC | ASIA | EUROPE | NORTH AMERICA | OCEANIA | SOUTH AMERICA

Sail with us to the most thrilling coastlines on every continent.

When we embarked on our first expedition to Antarctica in 1991, A&K transformed the way adventurous travellers experienced the world's wildest continent on an uncommonly luxurious and expertly-led voyage. This season and more than 30 years later, I am thrilled to announce that our newly expanded portfolio of Luxury Expedition Cruises now includes Africa, allowing you to experience all seven continents in ways you never imagined.

Every voyage is still uniquely designed by our experts to feature not only the world's most extraordinary coastlines — from the pristine polar regions to new destinations, including Tanzania and Seychelles, French Polynesia and Easter Island, and Portugal, Spain and the Adriatic Sea — but also a luxury all-inclusive experience on all-balcony small ships that we exclusively charter for no more than 199 guests, ever. Our award-winning Expedition Team leads the way and joins you for an inspiring enrichment experience throughout your entire expedition, one that also features a choice of included A&K-designed shore excursions.

For an adventure at sea and unlike any other, I invite you to join us in 2023–24 on an A&K Luxury Expedition Cruise. Reserve your preferred accommodations today and discover what we mean by the “voyage of a lifetime.”

Our voyages are unlike anything you have experienced before.

Nothing like a standard cruise and every bit a luxurious intimate adventure by sea, our Luxury Expedition Cruises feature all-inclusive voyages for no more than 199 guests on upscale small ships that we exclusively charter. For you, this means unique itineraries in under-the-radar destinations inaccessible to big ships, a private balcony with every beautiful stateroom and suite and an immersive experience, including A&K-curated excursions, led by an acclaimed Expedition Team.

In true A&K fashion, we've always done things differently.

Our Reputation for Innovative Exploration Precedes Us

From our first expedition to Antarctica in 1991, our mission has been to show you epic frontiers and unspoiled lands under the wing of the most accomplished experts. Today and more than 400 voyages later, we remain the longstanding leaders in luxury expedition cruising, now exploring all seven continents on voyages still defined by innovation, exploration and expertise.

The Very Best Experts Are Behind Every Moment

Well before you set foot on your ship, every aspect of your voyage has been designed by A&K expedition cruising experts, including our unique itineraries to rarely explored shores. Once your adventure begins, our famed Expedition Team of real-life explorers and award-winning experts join you every step of the way for an immersive experience featuring an endlessly fascinating enrichment program.

We Exclusively Charter Every Voyage By Design

We charter an ideal upscale small ship for every destination, and then limit the number of guests so that no voyage exceeds 80 percent of capacity — from 148 to 199 guests depending on this ship, and never more. This allows us to offer a private balcony with every stateroom and suite as well as an intimate personnel-to-guest ratio of 1 to 1.3, with no more than 10 guests aboard a Zodiac and 25 guests on any cultural shore excursion.

We set the standard for luxurious all-inclusive cruising.

From A&K-curated shore excursions to complimentary expedition gear and gratuities, we include everything so that you may enjoy every awe-inspiring moment.

Included on Every A&K Luxury Expedition Cruise:

- ▶ Airport meet-and-greet with transfers
- ▶ Private balcony with every stateroom and butler service with every suite
- ▶ Immersive enrichment program led by A&K experts both at sea and on land
- ▶ Choice of a variety of included, curated shore excursions led by A&K guides in cultural destinations
- ▶ Zodiac excursions led by naturalist driver-guides in wilderness destinations
- ▶ Complimentary polar gear for Arctic and Antarctic voyages (see page 9)
- ▶ Culinary program featuring international cuisine, house drinks and 24/7 room service
- ▶ Traveller's Valet® laundry service
- ▶ All staff and crew gratuities, port charges and taxes
- ▶ Complimentary Wi-Fi on board and in hotels
- ▶ Onboard service from an English-speaking staff, including a physician
- ▶ Daily blog updates
- ▶ 24/7 A&K on-call support

Many of our voyages also feature pre- and/or post-cruise city stays in ideally located hotels and signature A&K guided tours. See itineraries for details.

Unmatched expertise is the beating heart behind every voyage we lead.

We hand-select the foremost experts in every field to lead our adventures at sea and every curated shore excursion, all to deliver an inspiring experience that goes right to your soul.

Our Expedition Team Is the Best, Bar None

Just ask any guest who has sailed on an A&K voyage and they'll concur: our legendary Expedition Team is truly exceptional. Hand-picked by A&K to oversee every detail of every voyage, this award-winning team of approximately 20 accomplished adventurers joins an already robust ship staff and bring decades of passion and experience in everything from art history to marine biology to professional photography.

Real-Life Explorers to Guide Our Polar Adventures

Ranging from historians and Aboriginal experts to active researchers, professors and writers, these local luminaries offer an authentic, multi-dimensional perspective that is certain to broaden yours.

“The best thing about the A&K team is how natural teaching comes to us. We all love it. It is incredibly gratifying to be able to combine everything we love into one job and then pass that passion onto our guests.”

A Choice of Curated Cultural Experiences by Land

In culture-rich cities and ports, step off your ship and into the world of signature guided experiences for which A&K is known. Choose from included daily half- and full-day shore excursions representing a variety of interests, and always joined by an expert local A&K guide and your Expedition Team. Imagine a private performance at a Greek theater in Syros; a foodie tour in remote Brittany, revered for its abundance of French culinary wealth; and a visit to Southern Italy's UNESCO-designated Matera with its historic dwellings in limestone hills. On full-day excursions, a beautiful local meal is also included to complete an authentic experience ashore.

Thrilling Active Adventures in Wild Places

The active adventures we design speak meaningfully to the places we visit. When exploring glacier-clad Antarctica and the rugged Australian Kimberley, join us for thrilling Zodiac excursions piloted by A&K naturalists, perhaps alongside fluking whales or remarkable waterfalls. In these same destinations, you may also choose from walks on snowy beaches with penguins to scenic hilltop treks. In warmer hemispheres, such as on new voyages to French Polynesia, and Tanzania and Seychelles, where UNESCO-designated marine wonderlands are the star, we welcome you to snorkel and swim for a most vibrant look around.

“We were in awe of the knowledge shared and approachability of the Expedition Team. Without a doubt the most amazing trip of my life!!! My first with A&K and definitely not the last!”

Our expeditions are designed for a sustainable future.

From the very beginning, we pioneered an approach to travel that helped preserve the communities and unspoiled locales we visited. Today, it remains our mission to actively protect and care for every environment we touch.

We Sail on Sustainable Small Ships Utilizing Innovative Technology

Each vessel we charter features energy-efficient engines; reduced fuel consumption using only environmentally compliant fuel types; and computerized dynamic positioning systems that minimize the need to anchor in fragile marine reserves. All carbon emissions from our cruises are 100 percent offset, and an Environmental Officer oversees each voyage to make sure all environmental protocols are observed to the letter.

We Practice Conservation and Minimize Waste

On A&K Luxury Expedition Cruises, we provide a complimentary reusable water bottle for every guest and significantly reduce other single-use plastics (such as straws, water bottles, laundry bags, cups and food portion containers). More than half of all packaging is recycled on board while the rest is fully tracked, ensuring nothing ends up in the water or on land. Onboard wastewater is treated without chlorination or other chemical processes, and supply chains for food and provisions are deliberately kept short, further reducing the overall environmental impact of your voyage.

Our Chartered Ships Are Certified Sustainable

All of our chartered vessels have been awarded the CLEANSHIP or CLEANSHIP SUPER label by Bureau Veritas, certifying their ecologically responsible operations and allowing you to explore with peace of mind.

“There is a spirit to travel, especially in pristine natural environments, that triggers reflection on balance: How to find it between exploring and sustaining, between providing access and safeguarding the same opportunities for future generations. A&K embraces our role as stewards of this experience and proactively partners with our ship owner to support this underlying tenet of conservation.”

— Keith Sproule, Executive Director Abercrombie & Kent Philanthropy

We're Proactive Leaders and Partners in Protecting Fragile Environments

The polar ships we charter exceed every environmental protocol, including those set by the International Association of Antarctica Tour Operators (IAATO) and the Antarctic Treaty, Association of Arctic Expedition Cruise Operators (AECO), National Science Foundation, and Environmental Protection Agency. A&K has been a full operating member of IAATO since 1992 and AECO since 2012, and has served on the executive committees for both.

The International Association of Antarctica Tour Operators

IAATO has established best practices to ensure that ship-based tourism has minimal impact on the Antarctic environment. A&K's Vice President of Expedition Cruising, Bob Simpson, served as Chair of IAATO's Executive Committee for several years. Along with many members of A&K's Expedition Team, Bob remains actively involved and is a constant advocate for preserving Antarctica's delicate ecosystems.

The Association of Arctic Expedition Cruise Operators

Like IAATO, AECO is dedicated to managing safe, responsible and environmentally friendly travel in the Arctic. From 2018 to 2021, Bob served on the executive committee for AECO, whose core mission is preserving and protecting the endangered wildlife, delicate landscapes and remote villages of Svalbard, Jan Mayen, Greenland, Arctic Canada, the Russian Arctic and Iceland.

Join A&K Philanthropy in supporting sustainable lasting change worldwide.

We work closely with the local communities we explore to leave every beautiful town and wildlife habitat just as we found it and we proudly support ongoing projects that empower the people we meet to make lasting change.

Building on a Legacy of Giving Back

Established in 1982, A&K Philanthropy (AKP) is dedicated to giving back to the vibrant environments and communities we are so privileged to explore. As part of our ongoing mission, AKP partners with local communities to improve education, conservation, health care and job creation, leading more than 45 projects across seven continents — a philanthropic commitment unequalled in the travel industry.

Experience AKP Projects Firsthand on Our Luxury Expedition Cruises

Committed to serving as stewards for the world's wildest places, AKP is proud to support numerous projects around the world, some of which you may experience on an A&K Luxury Expedition Cruise.

For a closer look at the challenges facing our changing planet and the inspiring scientists working behind the scenes, nothing compares to our  **Antarctic Cruise Adventure (December 10–22, 2023)**, complete with special AKP programming. Travel with Dr. James McClintock, an endowed university professor and noted Antarctic research scientist, who offers fascinating lectures, a rare look at marine life along the Antarctic Peninsula and leads an exclusive A&K visit to Palmer Station (weather permitting), considered the “Shangri-La” of Antarctic research stations.

“In Antarctica, you do not have to be a scientist to see that climate change is happening. The glaciers on the peninsula are under rapid recession, and nearly 80 percent of the breeding pairs of Adélie penguins have disappeared. The most important role I have with A&K is to demonstrate these changes in real time, which often has guests leaving as advocates for preserving this delicate ecosystem.”

— Dr. James McClintock, A&K Climate Ecology Lecturer

We invite you to experience these vital A&K Philanthropy projects on our Luxury Expedition Cruises:

 Antarctica Climate Change Project

AKP supports the pioneering research of Dr. James McClintock on the effects of climate change on the marine life of the Southern Ocean by contributing to the purchase of essential supplies and equipment, which are delivered during a special presentation on A&K's Luxury Expedition Cruise.

Experience on Antarctic Cruise Adventure

 The Agreement on the Conservation of Albatrosses and Petrels

AKP financially supports ACAP in the development of seabird bycatch mitigation measures and devices used to protect seabirds from long-line fishing operations. This program is shared with A&K guests in Antarctica.

 Inuit Youth Arts Workshops

Through AKP-supported arts workshops, renowned harmonica player Mike Stevens and his team bring musical instruments, art supplies and arts education to at-risk youth in the Canadian Arctic.

 Safe Water for Schools Initiative In Tanzania

AKP partners with LifeStraw® in the Safe Water for Schools Initiative, a collaboration that has brought over 100 high-volume water purifiers to schools in Arusha, Tarangire and Ngorongoro since 2019. A&K guests in Tanzania are invited for a tour and visit at participating schools.

DEC 13-14: **Drake Passage** | Legendary Waters

The journey south toward Antarctica is an exciting one, furthered by singular, voyage-long access to our knowledgeable Expedition Team and enrichment experts both on board and on shore. DEC 15-19: **Antarctica** | The White Continent

As the Antarctic Peninsula and its offshore islands appear on the horizon, a sense of excitement begins to build. Dependent on weather, sea, ice and wildlife conditions, Antarctic expeditions demand spontaneity and no two days are ever the same. With that in mind, your Captain and Expedition Team carefully plan your active, curated itinerary and daily excursions that may include the following areas:

Antarctic Sound: At the northernmost tip of the Antarctic mainland, this body of water features some of the best sightseeing on the peninsula and a proliferation of giant icebergs. Noted for its vast numbers of bird species, the sound is home to the largest breeding colonies of Adélie penguins in Antarctica. Look forward to opportunities to land on remote, wildlife-laden islands as well as possible opportunities to experience a continental landing on the northwest tip of the Antarctic Peninsula.

South Shetland Islands: Antarctic research stations, remarkable history, amazing geological features and abundant wildlife define these islands off the shore of the Antarctic Peninsula. Your Expedition Team looks for opportunities to visit a wide range of sites: working research stations, volcanic islands and historic sites as well as gentoo, Adélie and chinstrap penguin rookeries.

Danco Coast: Bordering the South Shetland Islands along the Antarctic continent, the Danco Coast is famed for

JAN 22-23: Drake Passage | Epic Passage

The first part of your adventure at sea and toward extraordinary Antarctica begins with a voyage across the storied Drake Passage, which functioned as an important trade route in the 19th and 20th centuries. Spanning 600 miles of open ocean, this passage is also the place where the humid, subpolar conditions of Tierra del Fuego meet with the frigid, polar reaches of Antarctica — and where the voluminous Antarctic Circumpolar Current presses

from west to east. Notorious for its squalls, the Drake Passage once made for an unpredictable voyage; today, your stabilizer-equipped expedition cruiser commands these waters comfortably. As you cruise, enjoy the amenities on board your luxury ship as well as several university-caliber lectures every day — all part of an intriguing, ongoing enrichment program led by A&K's Expedition Team that you experience throughout your voyage. Topics span marine biology, photography and history. After lunch, join your naturalists on deck to spot pelagic seabirds, which may include the wandering albatross and smaller storm petrels in their element. Later in the evening, gather in the theater for a cocktail and briefing on the next day's itinerary, followed by dinner at your choice of restaurants. 'Le Lyrial' | Meals: B L D

JAN 24-30: Antarctica | The Incomparable White Continent

As Antarctica's offshore islands appear on the horizon, first sightings of the Antarctic Peninsula become that much more moving, surreal and unforgettable. Your lecture program matches the excitement with poignant talks led by your captivating team of A&K experts and guest lecturers. Look forward to inspiring daily landings along the Peninsula, all of which are carefully designed by your Captain and Expedition Team. This expedition has been designed with two additional days in Antarctica, specifically to allow for discovery beyond the Antarctic Circle and to areas rarely explored in Antarctica. Excursions via Zodiacs (sturdy inflatable boats) are also piloted by expert naturalist guides, joined by groups of no more than 10 guests and often accompanied by your lecturers. Your Captain and Expedition Team carefully plan your active, curated itinerary, which is dependent on weather, sea, ice

From the comfort of your ship, you may sail through the Gerlache Strait, Paradise Bay and photogenic Lemaire Channel. Landings you may experience include Neko Harbour, Cuverville Island and Wilhelmina Bay.

The Antarctic Circle: The most southerly of the five primary circles of latitude, the Antarctic Circle was first crossed by Captain James Cook on January 17, 1773. On any given date, the lengths of day and night here are the exact opposite of those at the Arctic Circle. Conditions permitting, you may cruise beyond the Antarctic Circle at 66°34'S 65°44'W, sailing along the west coast of the Antarctic Peninsula.

Marguerite Bay: You may also sail to the protected waters of mountainous Marguerite Bay and experience landings on Adelaide Island, which was discovered by British Explorer John Biscoe. You may also visit the British Antarctic Survey (BAS) station at Rothera.

This afternoon, board your luxury expedition cruiser. **'Le Boreal' | Meals: B L D**

JUL 19-23: Norway | The Svalbard Archipelago

Very few people have the opportunity to view the remote wilderness of the Svalbard Islands. In the archipelago, polar bears, walrus, Svalbard reindeer and an incredibly rich variety of birds are abundant, as are cathedrals of ice, glaciers

See the Alkefjellet bird cliffs from your expert-piloted Zodiac

and craggy mountain peaks. An exquisite assortment of flora also peppers this barren landscape. One of the main objectives of your voyage is to spot polar bears in their natural habitat. Cruising on A&K's exclusive charter, rely on our experts and their intimate knowledge of the Arctic to lead you to locales that provide the highest probability for viewing these elusive animals. Throughout the expedition, your Captain and Expedition Leader determine the day's best sightseeing opportunities, which may include:

Ny Alesund: Home to a polar research station and the northernmost post office in the world.

Alkefjellet ("Auk Cliffs"): Staggering cliffs that drop directly into the water and provide a home to vast colonies of auks, diving birds entirely dependent on the sea for their food.

Monacobreen: Formerly known as Monaco Bay, this glacier reaches down into Spitsbergen and is frequented by polar bears, harbor and bearded seals, walrus and a multitude of seabirds.

Liefdefjorden ("The Love Fjord"): Named after a Dutch ship with the same name, this fjord is another excellent area for spotting polar bears and wildlife.

Sjuoyane ("Seven Islands"): The most northerly region of the Svalbard archipelago.

In every region, enjoy endless moments of discovery alongside A&K's Expedition Team, who know intuitively where and when you're most likely to see polar bears and wildlife, which you observe from the safety and comfort of your luxury expedition cruiser. These same experts also scout every landing site in advance, assuring your safety and maximizing your experience ashore. 'Le Boreal' | Meals: B L D

AUG 27-SEP 2: Western Greenland | Amundsen's Beginning

In 1906, Roald Amundsen became the first polar explorer to successfully cross the entire Northwest Passage. Begin as he did, venturing along Greenland's stunning West Coast and north into Baffin Bay for the next five days. Your Captain and Expedition Team determine the day's best excursions, which may include the following areas:

Sisimiut: North of the Arctic Circle, Sisimiut is the northernmost city in Greenland able to maintain a year-round, ice-free port as well as sufficient snow for dogsledding in winter and spring. Visit the local museum and enjoy an Inuit sea kayak demonstration.

Disko Bay & Ilulissat: Cruise into the wide inlet of Disko Bay, first explored by Erik the Red in 985. Discover the Ilulissat Icefjord, a UNESCO World Heritage Site at the mouth of one of the fastest and most active glaciers in the world, Sermeq Kujalleq. Take a walking tour of Ilulissat, visit its history museum, and meet with villagers to learn about local life. Conditions permitting, board a local vessel for an iceberg cruise of Disko Bay.

Ummannaq Fjords: North of Ilulissat, this geological wonder teems with marine life. Visit Karrat Fjord to see the iceberg-clad bay and the remains of ancient huts, built by Thule hunters (Inuit ancestors) more than 500 years ago.

Kullorsuaq: Translated as “Big Thumb,” Kullorsuaq remains one of the most traditional hunting, fishing and trading villages in Greenland. ‘L’Austral’ | Meals: B L D

SEP 3-10: **Nunavut, Canada** | Vast Arctic Archipelago
Cruise into the Canadian Arctic Archipelago of Nunavut

and enter the heart of the Northwest Passage. As your luxury expedition cruiser winds through legendary channels and inlets, A&K’s enrichment specialists continue to spark captivating discussions that enhance your discovery. Your crew and Expedition Team determine your itinerary, which is dependent on weather, sea, ice and wildlife conditions. Exciting excursions may include:

Pond Inlet: “Place of Mittima’s Grave,” Pond Inlet is the gateway to the Northwest Passage and a rich archaeological site. After clearing customs formalities, embark on a shore excursion to an area once inhabited by the ancient Thule. Visit the Nattinnak Visitor’s Center or Toonoonik Sahooinik Co-op, where you may shop for handcrafted goods.

Lancaster Sound: Situated between Devon Island and Baffin Island, this body of water is home to an abundance of Arctic cod and seasonal populations of Beluga and bowhead whales, black guillemots, Arctic terns and other wildlife.

Beechey Island: Historic moments in Arctic exploration define this island. Beechey is best known for providing a safe haven to British explorer Sir John Franklin in 1845, who took shelter for two years before his ill-fated attempt to conquer the Northwest Passage. See the grave markers for three of his men and visit Franklin’s cenotaph.

Best of the Northwest Passage with A&K

Bookended by two oceans, this historic passage reveals the northern coast of North America and its rare Arctic waterways, wildlife, geology and communities. Experience these highlights and more with A&K.

Franklin Bay's "Smoking Hills"

This geological phenomenon of the Northwest Territories features effusive smoke rising from a hot Martian landscape.

Inuit Culture

At the shores of remote Ulukhaktok, receive a warm welcome from this traditional Inuit community, complete with food and dancing.

Ilulissat Icefjord of Greenland

From the seat of a Zodiac, explore the icebergs of this massive UNESCO-designated fjord, one of the most active glaciers in the world.

Legendary Beechey Island

Visit historic Beechey Island and the cenotaph memorial erected in memory of lost explorer Sir John Franklin.

AKP Auction

Support local Arctic communities by participating in an onboard A&K Philanthropy auction featuring locally made works of art.

Explore the historic trading post of Fort Ross

Fort Ross: Abandoned in 1948, this former trading post at the tip of Somerset Island was used by trappers to barter Arctic fox pelts in exchange for necessities. Explore its remaining structures and perhaps take a Zodiac excursion as your naturalists share stories about its residents.

Gjoa Haven: During his attempt on to cross the passage on 'Gjoa', Roald Amundsen took respite in this natural harbor as he waited for ice conditions to improve. For two years, he lived with the Netsilik Inuits and learned survival skills that later proved invaluable on his South Pole expedition.

Victoria Island: Cruise the south coast of Victoria and through Queen Maud Gulf, Dease Strait and Coronation Gulf. Expedition stops may include bird sanctuary Jenny Lind Island and Johansen Bay. 'LAustral' | Meals: B L D

SEP11-13: **Northwest Territories** | Remote Frontier
Enter Canada's Northwest Territories and continue through the heart of the Northwest Passage, where you may experience exciting excursion opportunities that include:

Ulukhaktok: Visit with the local Inuit of Holman Village, experiencing drum dance, and tastings of fresh char and bannock rings (fried dough) prepared over an open fire. Tour the town art center and discover Ulukhaktok's beautiful printmaking tradition, carvings and hats made of coveted musk oxen wool.

Banks Island: The fourth largest island in the Canadian Archipelago, Banks is home to deep Inuit history and a population of about 60,000 musk oxen.

Franklin Bay: Discover the "Smoking Hills," cliffs of bituminous shale that endlessly combust and burn. This

geological phenomenon has likely been occurring for millennia and is a rare sight to see. 'LAustral' | Meals: B L D

SEP14: **Herschel Island** | The Yukon Territory
On expedition in 1826, Captain Franklin was the first European to lay eyes on this unique island at the northernmost point of the Yukon Territory. Herschel supports numerous wildlife and is one of the only places on earth where you may see a grizzly bear, black bear and polar bear. Evidence of the island's whaling culture and Thule ancestors remains along its coastline, now greatly affected by sea erosion and climate change. 'LAustral' | Meals: B L D

SEP15-17: **Beaufort & Bering Seas** |
Waters of the White Whale

Typically dense with ice floes and fog, the Beaufort Sea opens up a 60-mile-wide coastal pass from August to September. As your expedition ship cruises into the U.S. and clears at Point Barrow, Alaska (U.S. Customs clearance only), continue participating in lectures led by your Expedition Team. Relax on your private balcony or join fellow guests on deck where, with some luck, you may spy beluga whales, which travel in numbers here, and the northern lights in autumn. Your luxury expedition ship also enters the Bering Sea. While cruising its waters and conditions permitting, experience close views of Fairway Rock, known for its breeding colonies of auks and puffin, and remote King Island. The island was once home to a community of 200 Inupiat; today, all that remains is an abandoned stilt-house community. 'LAustral' | Meals: B L D

inspiring lectures, briefings and stimulating conversations with your Expedition Team elevate your discoveries in the Kimberley, bringing this vast wonderland into focus in a most enriching way. Your Captain and Expedition Team determine the best daily excursions, which may include:

Lacepede Islands: Set atop a coral reef, these four low-lying cay islands are separated from mainland Australia by the Lacepede Channel. The Lacepedes, as they are often called, are an important nesting site for green sea turtles and several species of seabirds, including brown boobies, red-chested frigate birds, crested terns and speckled ruddy turnstones.

Horizontal Falls: An exciting visit awaits at Horizontal Falls, described by Sir David Attenborough as “one of the greatest natural wonders of the world.” Set within Talbot Bay, the horizontally flowing waterfalls are created when massive tidal currents squeeze through two narrow gorges. Experience this captivating phenomenon on a boat excursion.

Montgomery Reef: The Kimberley’s theme of extreme tides continues at Montgomery Reef, Australia’s largest inshore reef. Board Zodiacs to explore the reef system’s lagoons, islets and rushing channels. The climax comes at low tide, when water dramatically cascades off the reef’s emerging sandstone platform covered in coralline algae, often revealing astonishing sea life.

Freshwater Cove: Enjoy a guided bushwalk that leads to a cave depicting indigenous rock art. A magnificent display of sacred Wandjina figures, these ancient paintings reveal the ways, myths and traditions of the Worrorra people.

Mitchell Falls: Take off on an included thrilling helicopter flight over the vast Mitchell Plateau to sandstone-carved

Mitchell Falls. Explore the area on foot and perhaps enjoy a refreshing swim in the emerald-colored freshwater pools formed by the falls.

Hunter River: Navigate by Zodiac through the river’s small tributaries, fringed by mangroves and tidal mud flats. Search for crocodiles, mud skippers and numerous bird species.

Bigge Island: Sacred to the indigenous Wunambal people for more than 20,000 years, Bigge Island is home to an incredible array of indigenous rock art. Move beyond its shallow bays to discover its well-preserved Wandjina paintings and visual recordings of the European entrance into this ancient way of life. ‘Le Laperouse’ | Meals: B L D

“The Kimberley is unspoiled, majestic, like no other place on the continent. From the ancient sedimentary rocks that change color as the light of the day moves across them to the turquoise waters that frame the coast, every day leaves you with the knowledge that you are truly in a special place.”

Believed to be an ancestor of a prehistoric lizard, the carnivorous giant monitor lizard has thrived here for millions of years, can reach up to 11 feet in length and is surprisingly agile. Conditions permitting, choose to kayak the harbor or snorkel amid a reef covered entirely in live coral. You also trace Polynesian culture to its roots in magnificent Easter Island, which you explore for multiple days.

OCT27: Arrive Papeete, Tahiti

Arrive early this morning in lively Papeete, abuzz with its cafes and markets. Guests arriving early transfer to the InterContinental Resort Tahiti for access to a day room before lunch and a scenic tour of the island. Visit the James Norman Hall Home, a memorial museum replica of the famed writer's home, as well as Point Venus, the landing spot of the European explorers who discovered these islands. Next, drive up to Tahara'a "One Tree Hill" for impressive views over Matavai Bay. This afternoon, board your luxury expedition ship and home for the next 13 nights.

'Le Boreal' | Meals: L D

OCT28: Fakarava Atoll | Stunning Tuamotuan Atoll

Located about 230 nautical miles east of Tahiti, the extensive Tuamotuan chain stretches for 600 miles and represents the oldest, and arguably dreamiest, islands of French Polynesia. Today, explore Fakarava, its second-largest atoll with a population of approximately 700 inhabitants. After a leisurely breakfast and relaxing morning on your ship, join

your Expedition Team on excursions to shore via Zodiacs (sturdy inflatable boats), where you are treated to a welcome ceremony at Rotoava. Enjoy exploring the village with its quaint streets, churches, local shops, town hall and school. Time permitting, set off on a scenic Zodiac excursion with your Expedition Team to discover Fakarava's blue lagoon and picturesque landscape. Conditions permitting, you may also enjoy a landing and beach time. 'Le Boreal' | Meals: B L D

A vast contrast from Fakarava, tiny Marokau is home to just over 90 inhabitants and was once a primary destination for collecting pearls in the Tuamotus' lagoons. Soak in its breathtaking scenery during a relaxing morning on your luxury ship before setting off on Zodiacs for an afternoon of exploration. Choose to join your Expedition Team for activities ranging from birding walks to snorkeling as well as beach combing and swimming. Return to your ship late this afternoon, with time to relax and participate in fascinating lectures led by your experts. After dinner, cocktails out on deck under starry French Polynesian skies are in order.

'Le Boreal' | Meals: B L D

OCT30: **At Sea** | Cruising the Tuamotu Archipelago

Cruise through the southern Tuamotu Archipelago as your Expedition Team offers presentations on the sights that surround you and prepare you for your next stop in the Gambier Islands. 'Le Boreal' | Meals: B L D

OCT31: **Mangareva Island** | Star of the Gambier Islands

North of the Tropic of Capricorn and some 1,025 miles southeast of Tahiti, find the largest of the Gambier Islands.

Dubbed the "Floating Mountain" by Polynesian inhabitants, Mangareva boasts a singular village, a distinctive cathedral and exciting terrain. This morning, discover the beauty of the island with a local guide and your Expedition Team, beginning with an excursion to the Cathedral of St. Michael. Completed in 1848 and featuring twin towers, this historic church can accommodate 1,200 people — more than the population of the island today. Alternatively, you may visit a pearl shell-carving school, enjoy a hike to Mt. Duff with an elevation gain of 1,200 feet or set out on a guided walk in search of birds and wildlife. Conditions permitting, snorkeling may be offered to complete today's adventures.

'Le Boreal' | Meals: B L D

NOV1: **At Sea** | Sailing the South Pacific Ocean

Enjoy a relaxing day at sea as well as continued lectures and conversations with your Expedition Team. You may also take advantage of the ship facilities, including its panoramic decks and full-service spa. 'Le Boreal' | Meals: B L D

NOV2: **Pitcairn Island** | Legacy of the HMS 'Bounty'

After the infamous mutiny on the HMS 'Bounty' in the South Pacific Ocean on April 28, 1789, acting Lieutenant Fletcher Christian and his fellow mutineers sought refuge on Pitcairn Island on January 15, 1790. Today, this namesake island of the Pitcairn Island Group is home to roughly 56 inhabitants — all descendants of the mutineers and the Polynesians who accompanied them — making Pitcairn the least populous national jurisdiction in the world. Today, set foot on the island and back in time to discover its fascinating history. Join local guides in small groups and explore Pitcairn on a variety of walks, including an uphill trek to Adamstown.

Part of the Pitcairn Island Group and a UNESCO World Heritage Site, Henderson measures just over 14 square miles yet boasts remarkable diversity. Today’s expedition stop offers you the opportunity to explore this uninhabited island with your Expedition Team. Set your sights on gloriously desolate beaches. Join guided walks in search of the island’s rare flora and fauna, which include 10 endemic flowering plants and four endemic species of land birds, such as the Henderson crake and Henderson lorikeet. NOV4: Ducie Island | Birder’s Paradise
Also in the Pitcairn Group, Ducie is home to tens of thousands of seabirds, including masked boobies, various petrels and frigate birds. The greatest concentration of its culture spans UNESCO-designated Rapa Nui National Park, a vast protected wildlife area and open-air museum showcasing the island’s iconic *moai* statues. Explore it as part of a multi-day immersive experience that begins with a lively welcome ceremony. Visit the ruins of the sacred city of Orongo with its low, sod-covered buildings and explore an internal lagoon. Later, travel to Rano Raraku Volcano, one of the most impressive sites on Easter Island. Continue to Anakena Beach to enjoy a BBQ lunch followed by time at leisure to soak in this beautiful beach peppered with palm trees and *moais*. You might also enjoy meetings with local Rapa Nui who teach the traditional art of body painting and ancient stone carving. SEP 20 Arrive Venice, Italy

Arrive in Venice, Italy’s ever-enchanting floating city with its iconic architecture and gondola-dotted canals. This afternoon, transfer to your luxury expedition small ship and join your fellow guests for a welcome briefing in the evening. ‘Le Bougainville’ | Meals: D

SEP 21: Split, Croatia | Imperial Splendor

Get to know your Expedition Team this morning with some stimulating talks in the Theater before arriving at your first port. Split is a UNESCO World Heritage Site boasting historic sites seemingly around every corner. Explore its Old Town, including the palace of the Roman emperor Diocletian, which offer some of the very best Roman ruins to be found in the Adriatic, with ancient walkways flanked by columns and passing beneath beautiful arches. Add an optional excursion to nearby Trogir, a charming town with roots stretching back to the third century BC. While in town, stop to see majestic Kamerlengo Castle, built in the 15th century. Alternately, foodies can combine the Split

excursion with a market visit and tasting of local favorites along the way. Return to the ship with time to change for your festive Captain's Welcome dinner.

'Le Bougainville' | Meals: B L D

SEP 22: **Kotor, Montenegro** | Dalmatian Gems

Cruise to Kotor, located in a secluded Dalmatian bay and rich in medieval houses, palaces and churches. Explore these picturesque sites on a guided walk led by local experts and your Expedition Team, viewing beautifully preserved Roman buildings and visiting a 17th-century palace that today houses the Maritime Museum. Its cathedral, built in 1166, showcases the remnants of 13th-century frescoes as well as a Venetian art collection spanning six centuries. For a more comprehensive picture, opt for a full day of exploring, taking in the highlights of Kotor along with a boat excursion to Perast, a finely preserved Baroque city. Alternately, experience the Bay of Kotor on an exhilarating speedboat ride and beach break, with the option to swim the sapphire-like Blue Cave. This natural wonder glows with light reflected from its sandy bottom, and is best appreciated with an optional swim. Another excursion option takes you by boat to Gospa od Skrpjela to visit Our Lady of the Rock Church, built in the Baroque style in 1632 and featuring artworks by local master Tripo Kokolja, including his 33-foot-long *Death of the Virgin*. Later, return to your luxury ship for cocktails and a briefing on the next day's adventures. 'Le Bougainville' | Meals: B L D

SEP 23: **Dubrovnik, Croatia** | Magnificent Medieval City

Your luxury ship returns to Croatia for a day in Dubrovnik, rightly lauded as one of the jewels of the Mediterranean.

Its medieval buildings and imposing defensive walls rank it among the most iconic cities in Europe, and *Game of Thrones* fans enjoy the added thrill of recognizing the real-life locations of many King's Landing landmarks. With so much to see and experience, there are a variety of options for spending your day here, starting with a guided walk through the town's medieval monuments, such as the Dominican Monastery and Cathedral, the Sponza Palace, the Rector's Palace and Onofriou's Fountain. You can likewise opt for a full-day experience that combines a Dubrovnik tour with a sightseeing expedition into the countryside, complete with a winery visit and fresh lunch at a local farm. Food lovers can enjoy some of the region's most lauded delicacies, including mussels, oysters and olive oil, on a culinary excursion to the village of Orasac and the city of Ston, where you taste fresh shellfish. Meanwhile, active enthusiasts have their choice of a kayaking tour of the Dubrovnik city walls — including a visit to Lokrum Island to swim and explore — or an excursion through the Konavle Valley by bike, following a scenic off-road route through orchards and vineyards, where you stop for a wine tasting. 'Le Bougainville' | Meals: B L D

SEP 24: **Corfu, Greece** | Greece's Emerald Island

Even among the beautiful and scenic Greek isles, Corfu stands out for its lush greenery as well as its charmingly winding streets and whitewashed houses. Experience Corfu's most beautiful and renowned landmarks alongside expert local guides and your Expedition Team, visiting the town's prominent sites including the Esplanade, the Town Hall and the Church of Saint Spyridon, patron saint of Corfu. Another option is a visit to the Achilleion

The Best of Croatia, Montenegro and Greece with A&K

From achingly beautiful bays bordered by mountains to well-preserved ancient architecture to authentic dishes crafted by locals, these are some of the highlights to experience on your Adriatic voyage.

UNESCO-Designated Split

Join local experts to explore historic treasures from Kamerlengo Castle to Diocletian's Roman palace.

Montenegro's Mesmerizing Kotor

Enjoy a choice of shore excursions ranging from guided art walks to swims in the Blue Cave to boat rides to Our Lady of the Rocks islet.

Crossing the Corinth Canal

Thrill at a once-in-a-lifetime chance to transit this historic, narrow canal, a feat possible only on small ships like ours.

Active Exploration

Enjoy a choice of active excursions from kayaking in Dubrovnik to biking in Croatia's Konvale Valley and Corfu in Greece.

Authentic Taste of Western Greece

Do more than explore the stunning Emerald Islands of western Greece when you sample gorgeous local dishes from Corfu to Cephalonia.

Palace, former residence of Kaiser Wilhelm II and one of the most renowned royal villas in Europe, followed by a short walking tour of the town. Corfu is also a wonderful dining destination, highlighted by two excursion options. Delve into an in-depth culinary excursion, during which you visit: a 200-year-old market; a tavern specializing in *bourdetto*, a casserole-like local dish; a delicatessen where the fresh ice cream is not to be missed; and a shop vending a unique kumquat liqueur. Or opt to roll up your sleeves for a hands-on lesson in cooking Greek dishes at a villa in beautiful Kommeno Bay, afterward enjoying your freshly made lunch with local wine and spectacular views from the villa's terrace. Alternatively, active guests can choose an off-road mountain bike adventure to a secluded village, complete with a stop in a local taverna for a fresh snack. 'Le Bougainville' | Meals: B L D

SEP 25: **Cephalonia** | Nature's Paradise

Like Corfu, Cephalonia is an island known for its green landscapes, with mountains that rise above crystalline blue waters. Immerse yourself in this beautiful island in a variety of ways. Visit the monastery named for St. Gerasimos and see the two-room cave where the medieval monk lived; his remains are kept in a reliquary on site. Joined by your Expedition Team and expert local guide, pair your monastery excursion either with visits to the picturesque villages of Sami and Assos or a trip to the magical underground lake at Melissani, lit with dazzling color when the sun crests overhead. Alternatively, active explorers can set out on a guided sea kayak excursion along the jagged coastline, stopping for a swim at Emplisi Beach. Or for active adventure on land, choose a guided hike across

the island, beginning at the village of Fiscardo and taking in a lighthouse, a church and breathtaking beaches.

'Le Bougainville' | Meals: B L D

SEP 26: **Itea** | Gateway to Delphi

Itea lies in the arms of the Corinthian Gulf, surrounded by olive groves and the beautiful mountains of Giona and Parnassus. It's also the gateway to mystical Delphi, revered by ancient Greeks as the center of the world. Delphi is also known for its oracles, who dispensed divine wisdom and amassed donations that made the city one of the most prosperous in Greece. Explore its remaining treasures, which include the Sanctuary of Apollo, the Treasury of Athens and the well-preserved stadium. Alternatively, take a scenic drive to the monastery at Ossios Loukas, a Byzantine church with more medieval mosaics and frescoes intact than any other church in Greece. After exploring the church, drive past the quaint village of Arachova before arriving at the village of Delphi for expansive views of the olive-tree-dotted valley. A different kind of hidden gem is the small town of Galaxidi, once a prosperous boat-building town and now site of a museum commemorating the town's naval heritage; stop at the seaside taverna for ouzo and appetizers after exploring on foot. Beekeeping has been practiced on Itea since ancient times, and you have the option to learn about this art with a visit to a family-owned apiary, where you sample its delicious homemade honey. Return to your luxury ship for an afternoon of relaxation and more talks led by your Expedition Team. Today, you also enjoy an unforgettable experience when you transit the Corinth Canal, the bridge joining the Ionian and Aegean seas. Most cargo and cruise ships are too broad to enter

this century-old canal, but your narrow-beamed expedition small ship handles it comfortably, cruising past the near-vertical rock walls with plenty of room to spare. Tonight, look forward to your evening recap as well as dinner and conversation on deck under the stars with the new friends you've made. **'Le Bougainville'** | Meals: B L D

SEP 27: Depart Athens

Bid farewell to your Expedition Team and crew as you disembark in Athens this morning. Continue on your post-tour extension to Thessaloniki or transfer to the airport for your return flight home. **Meals: B**

Note: Itinerary is for guidance purposes only and may be adjusted at the sole discretion of the Captain due to weather and sea conditions, medical emergencies and other unforeseen circumstances beyond A&K's control.

Safety First and Every Important Detail

Every ship we charter is equipped with the latest communication, navigation and safety equipment, including a Global Maritime Distress and Safety System (GMDSS) and real-time satellite weather system. English is the primary language on A&K charters, and staff and crew educate guests on safe conduct and current conditions at sea and ashore. An accredited physician also serves from an onboard medical facility.

“The ship was fabulous, the itinerary was great, your Expedition Team was first rate, and as a kicker, our weather was absolutely beautiful. This was our fourth trip with A&K and certainly will not be our last.”

HOTEL CHECK-IN

Most hotels allow check-in to take place during the midafternoon. Should you wish to have a guaranteed room ready for your immediate check-in upon arrival, it requires an additional room night to be confirmed. Please ask A&K for details and prices. Requests for early check-in based on hotel availability cannot be guaranteed and are at the sole discretion of the hotel.

ROOM UPGRADES/SPECIAL REQUESTS

Upgrades are typically available on request at individual hotels for an additional cost. Please ask A&K for details and prices. Specific requests such as adjacent or connecting rooms, bedding requests, smoking rooms and special dietary needs should be advised at time of booking. Please note that reasonable efforts will be made to secure special requests; however, they cannot be guaranteed.

ITINERARIES

A&K reserves the right to modify program itineraries, including arranged sightseeing and featured experts, and substitute accommodations, including vessels, aircraft and trains, at any time due to unforeseen circumstances or circumstances beyond A&K's control. Reasonable efforts will be made to operate itineraries as planned, but alterations may occur after the final itinerary has been issued. Due to the nature of Luxury Expedition Cruises, itineraries are for guidance purposes only and may be adjusted due to unforeseen circumstances including weather, wildlife, ice, medical emergencies and other conditions beyond A&K's control at the sole discretion of the Captain on board.

AIR TRANSPORTATION

International airfare (to the journey starting point and from the ending point) is not included in program pricing. A&K has special agreements with many air carriers and can offer quotations from any gateway. Some journeys require internal flights as specified in the itinerary. This airfare is typically not included and must be purchased from A&K in addition to the journey. In the instance where charter flights are used and seating is limited, A&K reserves the right to substitute and confirm air reservations on an available alternative scheduled air flight. All internal air is based on economy class seating and is 100% non-refundable at time of final payment (some exceptions may apply). All international and internal air quotes are subject to change until final payment has been received by A&K. Flight confirmation is based on availability. Air reservations cannot be confirmed until a passport copy is received by A&K.

All air carriers are independent contractors and are not owned, managed, controlled or operated by A&K. Your airline ticket constitutes a contract between yourself and the airlines (and not A&K), even if purchased through A&K. A&K shall not be liable and does not assume responsibility for, or accept claims with regard to, seat assignments, name changes, schedule changes, flight changes and/or cancellations. Should you change or cancel your air transportation arrangements before or after your travel begins, all airline change and cancellation fees will apply.

BAGGAGE

A&K provides portage of up to two (2) pieces of baggage per person. Please note should your journey include internal/domestic or charter flights, your luggage allowance may be less than two (2) pieces of baggage and weight/size restrictions and additional costs may apply.

Details will be provided in your Pre-Travel Documentation. Baggage and personal effects are at the owner's risk throughout the travel program, and A&K assumes no liability for lost or damaged baggage. Please check with your international carrier for other baggage restrictions and fees applicable to your international flights.

PRICES AND ARRANGEMENTS

Quoted journey prices are per person, double occupancy except where indicated. Although not expected, published prices may be modified due to unexpected significant external factors not forecasted at the time of printing. A&K is under no obligation to give a breakdown in costs of any journey. Pre- and Post-Tour Extensions are only available to guests booked on related group journeys. Modification of program content to accommodate a smaller group size will not affect the published program price.

CHILD POLICY

The minimum age is 10 years old unless noted on the itinerary. Minimum age is seven years old for Luxury Expedition Cruise Journeys, 12 years old for Connections European River Cruise Journeys and varies for Family Journeys. All children under age 18 must be accompanied by an adult. A&K reserves the right to marginally exceed the published maximum group size on Family Journeys to accommodate a family. Note that some accommodations require that children below a certain age share a room with an adult.

The parent or guardian travelling alone with a child is recommended to carry documentation that proves their relationship to the child (e.g., birth certificate) and evidence that they have permission to travel with the child (e.g., consent letter). Guests travelling with children who are not related are recommended to carry documentation which provides evidence they have permission to travel with the child. Guests are advised to check with the appropriate government authority to determine the necessary documents required for travel with children. A&K cannot be held responsible should the guest, child or any member of the travelling party be denied entry to a country due to noncompliance with a country's requirements.

ACTIVE ELEMENTS & CONDUCT

The suppliers of some activities on journeys may require a minimum age or minimum/maximum height or weight to participate. Some active elements have been incorporated into select itineraries. To enjoy the journeys as intended, a minimum level of fitness is

required. A&K will require prior notice if any participant has any physical or other condition or disability that would prevent them from participating in active elements of any journey and/or could create a hazard to himself or herself or to other members of the group. Specific journeys have conditions that may require a guest produce a doctor's certificate to A&K prior to travel. A&K will make reasonable efforts to accommodate a disability-related request for accommodation. However, if A&K, in its sole discretion, is unable to properly accommodate the need of the person(s) concerned or believes that health and safety may be compromised, A&K reserves the right to refuse participation. The guest represents that neither he nor she nor anyone travelling with him or her has any physical or other condition or disability that could create a hazard to himself or herself or other members of the tour. A&K also reserves the right to remove from the trip, at the guest's own expense, anyone whose physical condition or conduct negatively impacts the enjoyment of the other guests or disrupts the tour. Due to ship restrictions, women who will be six (6) months or more pregnant at any time during the cruise are not permitted to travel on Expedition Cruises.

A&K'S GUEST PROTECTION PROGRAM

Travel insurance is not included in the price of the journey and is recommended. You may purchase A&K's Guest Protection Program administered by AON (which provides cancellation coverage, medical coverage and protection against lost or stolen or damaged luggage) or A&K's Guest Protection Program with Cancel for Any Reason Coverage for an additional fee. Coverage takes effect the day A&K receives payment for the plan. The Guest Protection Program is available up to final payment for your journey; however, the plan must be purchased within 14 days of the date your initial trip deposit is received by A&K in order to waive the pre-existing medical condition exclusion. Additional terms apply. The Cancel for Any Reason Program is only available for purchase within 14 days of the date your initial trip deposit is received by A&K (additional terms apply). CFAR provides reimbursement of up to 75% of non-refundable cancellation charges but is not available on select journeys or to New York residents. The cost of coverage is calculated based on the total cost of your travel arrangements. For more information, visit affinitytravelcert.com/abk. **Insurance coverages are subject to the terms, limitations and exclusions in the plan, including an exclusion for pre-existing conditions.**

Special Requirement for Select Luxury Expedition Cruises:

Due to the remote locations, A&K requires proof of a minimum of \$100,000 per person in emergency evacuation/repatriation insurance for all polar cruises and other select Luxury Expedition Cruises as specified at time of booking. This minimum amount is included in A&K's Guest Protection Program; upgrades can be purchased for higher coverage on request. If you do not purchase A&K's Guest Protection Program, we require proof of alternative coverage. Please note emergency evacuation insurance provides for covering the cost associated with emergency evacuation and repatriation up to the limits of the respective policy; however, it does not guarantee the timing, method or mode of such evacuation and repatriation, which is subject to weather, location and other conditions or variables outside of A&K's control.

PASSPORTS AND VISAS

It is the guest's sole responsibility to obtain and have available when necessary the appropriate valid travel documents. All guests are advised to check with the appropriate government authority to determine the necessary documents required for their travel. A valid passport is required for U.S. and Canadian citizens travelling to all international destinations. Passports must be valid for six (6) months after completion of your journey and should also have sufficient blank visa pages for entry and exit stamps. Many destinations also require a visa for U.S. and Canadian citizens; this will be indicated in your Pre-Travel Documentation. Citizens of other countries should contact the appropriate consular office for entry requirements pertaining to their journey. You may be refused boarding or disembarked from a plane, vessel or train without liability for refund, payment, compensation, or credit of any kind if you do not have proper documentation, and you will be subject to any fine or other costs incurred by A&K which result from improper documentation or noncompliance with applicable regulations. A&K shall not be responsible should any guest be denied entry to a country due to noncompliance with these requirements.

COVID-19 ACKNOWLEDGEMENT

Guest must provide required health documentation for travel and agree to comply with all health protocols as directed by A&K staff during their journey. Noncompliance with these measures will result in not being able to travel or continue on the journey. Guest voluntarily assumes all risks and related expenses in the event that they or any member of the travelling party require testing or quarantine, become infected with COVID-19 or experience travel interruptions or delays. Guest is required to follow the legal and regulatory requirements regarding COVID-19 testing and quarantine per individual country regulations. The testing procedures and results are solely subject to the control of local governments. A&K will assist all guests where COVID-19 testing is required; however, A&K is merely acting as a facilitator in order to assist guests who require a COVID-19 test. All COVID-19 testing is carried out by third party testing facilities with no association or affiliation to A&K, and A&K is not liable or responsible for any results, issues, delays or problems encountered during the testing process or the performance or non-performance of the testing facilities.

FORCE MAJEURE

Force majeure means unusual and unforeseeable circumstances beyond A&K's control or the control of our suppliers, the consequence of which neither A&K, nor its suppliers, could avoid even with all due care, including, but not limited to, war or threat of war; riot; civil strife; terrorist activity (actual or threatened); industrial dispute; technical problems with transport, machinery or equipment; outages or power failures; natural or nuclear disaster; fire, flood, drought or adverse weather conditions; pandemics, epidemics or outbreaks of illness; and ice conditions in oceans and level of water in rivers.

In the event of a cancellation or material alteration to the journey as a result of the circumstances as described in this clause, A&K may in its sole and absolute discretion:

- (i) offer the guest(s) alternative travel arrangements or products of comparable standard as may be appropriate in the circumstances; or
- (ii) if alternative travel arrangements or products are not offered by A&K, A&K will provide a travel credit to the guest equal to the value of the trip less any sums A&K is not able to recover from any supplier.

A&K cannot assume responsibility for any other travel related costs included but not limited to air, insurance, visas and other travel arrangements, etc.

CLAIMS AND REFUNDS

A&K will not accept any liability for any claims and will not provide refunds except as may be specifically allowed herein.

Once downloaded, you are subject to the privacy policy and terms of use as found in the App. You are responsible if you provide access or use of the App to any members of your travelling party.

PHOTOGRAPHY DURING TRAVEL

By booking a program with A&K, guests acknowledge that A&K is the owner of the photographs and video and agree to allow their Image to be used in such photographs and videos, which may thereafter, be used by A&K. Guests who prefer that their images not be used must (1) identify themselves to their Resident Tour Director at the beginning of their Journey; and (2) notify their A&K Travel Consultant by email, not later than thirty (30) days following the end of the guest's journey. In the event the guest fails to comply with both obligations, the guest shall not be exempt from this section. If such written notice is not timely provided, the guests, individually and on behalf of any minor child travelling with them, have granted unrestricted rights and permission for A&K to use the Images.

LIMITS ON A&K'S RESPONSIBILITY

Neither A&K nor its parent company, affiliates or subsidiaries, nor any of their respective employees, shareholders, officers, directors, successors, representatives, agents and assigns (collectively the "A&K Parties"), owns or operates any entity which is to or does provide goods or services for your trip with the exception of a limited number of vehicles. A&K purchases transportation (by aircraft, coach, train, vessel or otherwise), hotel and other lodging accommodations, restaurant, ground handling and other services from various independent suppliers (including from time to time other affiliated A&K companies). Further, as consideration for being permitted to participate in the Activities; you release the A&K Parties, whether known or unknown, from, and agree not to sue or make claim against the A&K Parties for, property damage, cancellation of any Activities for any reason, illness, negligent rescue operations or procedures, personal injury, or death arising out of your participation in the Activities, and any activity related thereto, including transportation to and from the site of the Activities, regardless of whether such property damage, illness, personal injury, or death results from the negligence of the A&K Parties and/or from any defect in equipment. You further agree to indemnify and hold the A&K Parties harmless with respect to any claim made against the A&K Parties by anyone else which (a) related to your participation in any trip or any Activities, or (b) which would be subject to the above release and covenant not to sue if you had made the claim directly yourself. Upon receipt of notice of the assertion of a claim, the A&K Parties reserve the right to approve, or withdraw approval of, counsel, in its sole discretion.

TRAVEL ADVISORIES/WARNINGS

It is the responsibility of the guest to become informed about the most current travel advisories and warnings by referring to the U.S. State Department or their respective government agencies. In the event of an active State Department or government agency Travel Warning against travel to the specific destination location(s) of the trip, should the guest still choose to travel, notwithstanding any travel advisory, the guest assumes all risk of personal injury, death or property damage that may arise out of the events like those advised or warned against.

ARBITRATION AGREEMENT

Any controversy or claim arising out of or relating to these Terms and Conditions, to the Limits on A&K's Responsibility clause, to any A&K brochure, or to any information regarding any A&K journey, service or package, or to any A&K-related trip, activity, service or package, shall be settled in the first instance by binding arbitration before one (1) arbitrator in Chicago, Illinois. Any party or their representative may appear for the arbitration by telephone or video conference. Each party shall bear its own fees, costs and expenses and an equal share of any arbitrator and administrative fees; however, the prevailing party shall be entitled to full recovery of all such costs and fees.
